Setting Up a Family Web Access Account

If you do not already have a FWA account, you can begin the process of setting up your account by contacting the **main office** at DMS. The phone number for the main office is 651-460-1500. By updating your e-mail address and indicating your interest in FWA, you will be sent an invitation to register online. The invitation will include a link with a step by step process of how to set up a FWA account.

If you have children at more than one school, you do not need to call more than one main office.

No Computer Access

If you do not have access to a computer, please contact the main office at 651-460-1500 to request a paper copy of your child's report card. Your family's name will be added to a list and you will continue to receive paper report cards from DMS until we are notified that you no longer need them.
